# LEGENDARY QUALITY IN RIGID & IMC BORN OF INNOVATION.

In malleable, zinc and steel, Bridgeport Rigid and IMC conduit products are engineered with the quality and innovation that allows contractors to save time and money on every job. Labor-savings, problem solving products are the key elements in Bridgeport's operating philosophy. So you can do more with less.

#### Made for performance.

When you need connectors, coupling, locknuts, bushings or straps, you need Bridgeport Rigid and IMC conduit fittings. Features like captive, deep-slot, tri-drive screws, serrated and reversible fully threaded locknuts and smooth and rounded throat openings make Bridgeport products the best choice for unparalleled field performance.

### Manufactured to be better.

We're investing in equipment, improving process automation, further strengthening quality control and developing new products – all in the U.S. And still today, nearly three-quarters of our product volume is manufactured in the U.S. We've got American-made products for projects that require them.

Size matters.

From massive mogul conduit bodies to the smallest locknut or strap, we stock the trade sizes contractors need to get more jobs done right.

### Quality is in every box we ship. Even our boxes are higher-quality, so our products get to market damage-free and ready for installation. Our stateof-the-art inventory and shipping processes help get products where you need them – on time, every time.
