MODEL NO. 0048-TA3
SINK FIXTURE
ADA COMPLIANT

The wall mounted sink fitting is designed with a solid cast brass body with replaceable seats. The flanges are all brass and have 1/2-inch male pipe connections. The inlet supply location is adjustable by rotating the flange to obtain a 1/4-inch center variation. The 12-inch spout has a water saving aerator that limits the flow. The stems are all brass with a double O-Ring seal and rubber seat washer. The canopy handles are zinc die cast with a chrome plated finish. The faucet and flanges are polished and copper, nickel, and chrome plated. The soap dish and post are brass with a chrome plated finish.

Flow Rate: 2.0 GPM @ 60 psi
ADA Compliant and Meets ASME A112.18.1M
Certified by IAPMO R&T to NSF/ANSI 61
