Combination devices

Providing either 2 or 3 devices in a single-gang box with decorator or traditional styling, our broad line of combination devices encompasses switches, receptacles, pilot lights and nightlights. Bathrooms, kitchens, basements and hallways are all locations that often require or can benefit from the space savings and convenience of combination devices.

Combination device families

Combination USB charger with tamper resistant receptacle **B-14**	Decorator heavy duty grade combination devices **B-15**
Traditional style heavy duty grade combination devices **B-16**	Dimmable nightlight heavy duty grade combination devices **B-18**

Combination device colors

Almond	Black
Brown	Ivory
Lt. Almond	White

The Eaton difference

- Convenient patented built-in wire stripper speeds installation
- Steel mounting strap is zinc-plated for added corrosion resistance
- USB Receptacles allow for quick and convenient charging of most electronic components
- Nightlight models feature dimmable LED lamps

# Specific combination device solutions for today's needs

Light & motor control

Combination switches are horsepower rated to carry motor loads such as bathroom fans and garbage disposals on the same or separate circuits.

See page B-15

Dimmable LED nightlight heavy duty grade combination devices

Product description

Single-pole 15A, 120V/AC
15A, 125V/AC switches
15A, 125V/AC; 20A, 125V/AC receptacles
120V nightlight

5-15R   **5-20R**

Design features

- Light sensor turns the nightlight ON when ambient light is low, and OFF when ambient light is high

- Nightlights are dimmable to desired light level

- Long-lasting energy efficient LED bulbs are rated for 50,000 hours lamp life

- Nightlight features full dimming as well as 3 preset levels to easily match light levels on devices mounted in series

- Nightlights use 3 LED lamps that consume a maximum of 1 watt of energy

- Combination nightlight/receptacle (TR7735 & TR7736) features UL Listed Tamper Resistant shutters that prevent the insertion of foreign objects

TR TAMPER RESISTANT

- Automatic grounding system eliminates the need for bonding jumper in grounded metal enclosure and provides redundant measure of ground continuity where a jumper is used

- Terminal screws are backed out and ready for wiring to enhance ease of installation

- Devices mounted in series can be controlled by an external switch in guide light mode
