

Downrods

You can install your Emerson fan with confidence from virtually any ceiling height because all Emerson fans include:

- An oversized hanging ball and bracket
- An extra safe triple-locking unthreaded downrod system
- Textured ball and bracket for added stability
- 80" lead wires for easy installation

Whether you want to extend your fan 12 inches or 6 feet, there are seven lengths and 16 finishes to choose from. All downrod extensions are U.L. listed.
