

Emerson's Blade Select Series is a family of six different fan housings which can adapt to over 50 blade options in spans ranging from 42" to 72", from all-weather blades to veneer blades, to decorative solid wood blades. With various styles, performance features and the ability to customize the exact look, the Blade Select Series is sure to appease the design conscientious consumer. It's as easy as 1, 2, 3. Just look for the Blade Select Series logo for applicable models. See pages 32-33 of this brochure, our full line catalog or emersonfans.com to view all blade choices within the series.

# WHEN ENERGY EFFICIENT MATTERS...

Look for this logo for fans that carry Emerson's Most Energy Efficient Motor - The EcoMotor®

**EcoMOTOR**

## HERE'S HOW...

### EcoMotor Fans:

- Are up to 3 times more efficient than typical ceiling fan motors - cost less than 1¢ per hour to run.
- Use a maximum of 33 watts of energy.
- Drive a higher degree blade pitch more efficiently.
- Come with built-in electronics with 6-speed control.

- EcoMotor fans which are also part of our Blade Select Series are adaptable to 42/44", 52/54", 58/60" or 70/72" fan diameter without adding noise, allowing versatility & quiet operation

Emerson EcoMotor®

## Crown Select CF4501
