

# Cable/Conduit

## BRACKETS AND HANGERS – SNAP CLIPS

### SOLAR SNAP CLIP

- Supports up to two transmission cables on solar arrays
- Mounts in four orientations
- Flared edges to protect cable
- Gripping tab provides a secure fit to the frame

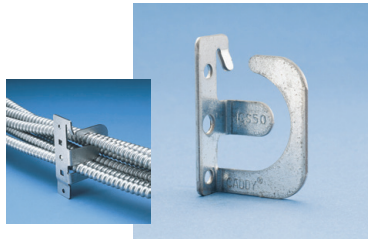

Material: Spring Steel  
Finish: Armour

| Part Number | Description                          |  |
|-------------|--------------------------------------|---|
| SCSOL1A     | 1/16"–5/64" Flange, 0.196"–0.275" OD | 100 pc  |

### MC/AC CABLE SUPPORT BRACKET

- Neatly isolates, supports and secures MC/AC cables
- Properly spaces MC/AC cable to help eliminate bundling and NEC® & CEC derating issues
- Results in a "neat and workmanlike" installation

Material: Steel  
Finish: Electrogalvanized
