DESCRIPTION

Scheduled maintenance is a necessity for all standby generators. The Air Cooled Scheduled Maintenance kits offer all the components necessary to perform a complete maintenance on Generac air-cooled generators. Oil will need to be purchased separately based upon the recommendations listed. Maintenance is recommended at every 200 hours or 2 years. If running in a dusty environment, more frequent maintenance may be required. Maintenance intervals may differ per model. Refer to the generator owner's manual for more information.

OIL RECOMMENDATIONS

KIT CONTENTS

Kit Model	006482-0	006483-0	006484-0					006485-0	006003-0	006004-0
Unit Size	8kW (410cc)	11kW (530cc)	13kW (992cc)	14kW (992cc)	15kW (992cc)	16kW (992cc)	17kW (992cc)	20kW (999cc)	7kW (432cc)	6kW (530cc)
