Heavy-Duty Cable Shears

KLEIN TOOLS
For Professionals... Since 1857®

Designed to Cut Copper, Steel, ACSR, and Most Hardened Wire.

Introducing Klein's new Heavy-Duty Cable Shears. This comfortable, lightweight tool is perfect for single-hand use, continuous cutting, and powerful enough to cut with minimum effort. Designed with a triangular cutting jaw that easily cuts a variety of cable types and most hardened wire without compression or frayed ends, this is the perfect tool to complete any toolbox.

Features

Heavy-duty, tempered steel blades.

Blades grip cable and cut easily at center of jaws.

Lock keeps handles closed for easy storage.

Hardened steel, precision cutting blades for long service life.

Unique triangular jaws cleanly cut cable without compression or frayed ends.

Comfortable, plastic-coated handles for steady grip.

Cutting Capacities:

Aluminum and copper conductor strands	1/4" (7 mm)
Mild steel strands	1/4" (7 mm)
Aircraft cable	3/16" (5 mm)
Wire rope strands 227,500 PSI (160 kg/mm ²)	3/16" (5 mm)
Aluminum and copper rods	3/16" (5 mm)
Steel and iron rods 85,300 PSI (60 kg/mm ²)	5/32" (4 mm)
Tempered spring wire	3/32" (2.5 mm)

NOTE: Cut hard material only in the cutting triangle of the blades.

⚠ WARNINGS:

- Always wear approved eye protection.
- NOT Insulated. Plastic-dipped or slip-on plastic handles are NOT intended for protection against electrical shock.
- Never use on or near electrical circuits.
