--	---

TUBING CUTTERS

Won't Walk While Cutting
Four roller tracking system keeps tube from threading

Will Not Damage Cutting Wheels
Full-stop feed system prevents wheels and rollers from coming into contact

Ergonomic Grip
Oversized handle with ball bearings for quick, smooth operation and convenient wheel storage

Professional Deburring
Cleanly and easily deburr pipes with the replaceable machinist's reamer

Quick Blade Changes
Retaining screw holds blades securely and changes in seconds with a standard screwdriver

Replacement Wheels Available
Interchangeable wheels
