

# LUCIA

## LUCIA'S STORY

The Lucia flush and semi-flushmounts feature unique, Sunflower Shape Bauhinia crystals suspended within intricate metal work and surrounding an inner linen drum shade. These high impact, low profile fixtures are perfect when the décor calls for a glamorous touch, and when ceiling height is limited or a fantastic view should not be obscured.

# COLORADO SPRINGS

FINISH / Chestnut Bronze (CSTB)  
 MATERIALS / Clear Crystal Captured in Chain

**COLORADO SPRINGS' STORY**

In the transitional Colorado Springs flush and semi-flushmounts, Clear Crystals floating in metal rings are threaded onto chain, strung into a drum shade, and draped at the bottom as a finishing touch. The generous, yet low-profile dimensions are ideal when ceiling height is limited as well as for commercial applications.
