

IMPORTANT
TURN OFF THE POWER AT THE MAIN FUSE
OR CIRCUIT BREAKER BOX
BEFORE STARTING INSTALLATION

Carefully unpack and identify all parts before assembly. Bulb not included.

1. Follow enclosed supplement installation instructions for electrical and fixture installation onto house outlet box. If you do not have an outlet box at desired location to attach the fixture than hire a qualified electrician to create one.
2. Screw the threaded stud into finial. Then insert other end of the threaded pipe through bottom hole of glass shade and lock into position with a washer and hex nut from above. Do not over tighten.
3. Install glass shade by slipping through the crown until it stops.
4. Install crown onto fixture plate by fastening with two small cap nuts.
5. Install light bulb (not included). See relamping label located near socket area for type and maximum allowed wattage.
