300 Series Freezeless Wall Hydrant

Mansfield Style Wall Hydrant

- **Residential**
- **Freezeless**

Application

Prier 300 Series provides a year round source of water to areas of structures that are subject to freezing temperatures. The hydrant valve is connected to the supply piping in the heated portion of the structure, eliminating the possibility of freezing.

The Prier 300 Series is one of the original freezeless hydrant designs and is installed throughout the United States. It is available from stock in lengths from 4" to 14".

Features

- Integral Cast Backflange
- Wide screwholes easily secure mounting screws
- Solid Brass Body and Seat
- Satin Nickel Plated Body maintains nice finish indefinitely
- Stainless Steel Handle Screw
- Easy Grip decarbonate operating Handle
- Full Circle Threads secure Stem and Seat End
- AFG Teflon with Graphite Packing for easy maintenance
- Standard "OO" Size Seat Washer
- Machined Spout Aligning Mark

300 Series

Parts for 300 Series Freezeless Wall Hydrants

Older Style Mansfield Wall Hydrants used a Valve Stem cap that had "right-hand" threads. Both styles are included in the 630-7755 Service Kit.
