

This continuous, surface-mounted, low voltage lighting system is available in covered, open face or flexi-strips for a variety of lighting options. All 5w units come with wedge base xenon lamps and mounting hardware for easy installation and some can be field cut.

## Covered Strips

*Under Cabinets and Shelves*

- Available in six lengths.
- Removable cover for easy installation.
- Baked white enamel finish on integral reflector and fixture maximizes light output.
- Lamp sockets are on 2-1/2" centers for even illumination.
- 5w Xenon lamps included.
- Not UL listed.
