

Quick Acting CSST Cutter

Stable, Fast, & Tough

The RIDGID® Quick Acting CSST Cutter utilizes many of the well-known design features of the best-in-class Quick Acting Tubing Cutters but adapted specifically for cutting CSST.

Features and Benefits:

- Cuts corrugated gas tubing sizes 3/8" - 1" diameter.
- Two sets of split-floating guide wheels*, located on the top and along the sides of the cutter wheel, ride in the corrugations to provide stable tracking, resulting in a high quality cut.
- The floating guide rollers also serve to hold the two pieces of pipe together to ensure a complete and clean cut.
- Ergonomic knob provides a firmer grip to cut through tubing quickly.
- Quick acting mechanism allowing the cutter to rapidly adjust from 3/8" - 1" diameter tubing.
- Durable I-beam style frame.

We've taken our best-in-class tubing cutter and adapted it for CSST!

The features on the Model 151 CSST make for a quick, clean, consistent and accurate cut that is expected of a RIDGID product.
