SANISHOWER

- ✓ The Sanishower gives you a fast and easy way to add an additional sink or shower where you never thought possible.
- ✓ Ideal for light-duty applications as it is small enough to fit inside a cabinet or even underneath a raised shower base.
- ✓ Pre-assembled pump with incorporated check valves.

SANISWIFT

- ✓ The Saniswift offers three inlets for various installations such as a washing machine (indirect only), sink or even a shower.
- ✓ Ideal for residential applications as its unprecedented performance and features make this pump unmatched in its class.
- ✓ Two lower inlets allow for installations where the fixture drain is close to the floor.
- ✓ Pre-assembled pump with incorporated check valves.

SANIVITE

- ✓ The Sanivite is a powerful gray water pump small enough to fit inside a kitchen cabinet and capable of handling waste water from a variety of sources such as a kitchen sink, laundry sink, bathtub and even a dishwasher or washing machine (indirect only).
- ✓ Ideal for heavy-duty or light commercial applications as it can handle hot water and grease buildup through multiple inlets.
- ✓ Two lower inlets allow for installation where the fixture drain is close to the floor.
- ✓ Pre-assembled pump with incorporated check valves.
