

Cast Iron Strainer

General Purpose

846-59PK

- Sizes: 4³/₈", 5", 6", 6¹/₄", 6¹/₂", 6⁵/₈", 6⁷/₈", 7", 8", and 8⁷/₈"
- Cast iron strainers are ¹/₄" thick and epoxy coated for corrosion resistance

Urinal Flange Kit

868-5P

- 2" hub, spigot or inside fit connections available
- Kit includes: stainless steel bolts, nuts, washers, and gaskets
- New inside fit connection allows pipe to be cut flush with finished wall

Backup Float Valve Backwater Device

802-7

803-2PK2

- Valve: 2", 3", 4" sizes
- Device: 2" MIP Body

DWV Backwater Valve

PVC or ABS Solvent Weld Connection

869-4P

- PVC and ABS in hub sizes 2"–6"
- Extension sleeve also available
- CSA certified (B181.1 and B181.2); UPC/IAPMO listed

Smart Saddle™

DWV Saddle Tee Fitting

891-0312P

- 3" and 4" trunk sizes with 1¹/₂"–4" hub inlets
- Stainless steel bands provide torque, eliminating points that damage pipe and create a poor seal

Inside Pipe Drain

845-4P

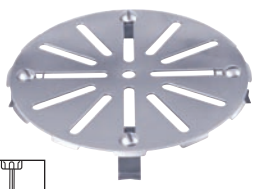

845-4PS

- PVC and ABS: 2"–4"
- Solvent welds inside pipe, flush to floor
- Great for direct vent furnaces and water heaters, or to cover any open ended pipe

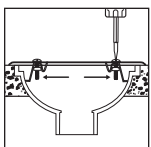

Replace-It™

Adjustable Drain Strainer

Patent # 4,871,451

847-7

- Replace rusted or broken cast iron strainers or bar grates
- Heavy gauge stainless steel
- 7¹/₄" diameter fits 3¹/₄"–6³/₄" openings; 9¹/₄" diameter fits 5¹/₄"–8³/₄" openings

Gripper®

Stainless Steel Pipe Strainer

847-3

- 2"–4" sizes
- Gripping fingers fit snugly inside pipe keeping strainer securely in place
- Heavy gauge stainless steel—100% corrosion proof
