

**Sloan
Super Wrench**

A-50

► **Description**

Sloan's A-50 Super-Wrench™ Smooth-jawed spud wrench for various Sloan components is the ideal tool to use when installing or servicing a Sloan Flushometer. Its smooth edges, solid construction and tight grip prevent damage to the valve's finely machined surfaces and plated finishes.

The 7-3/4" A-50 Super-Wrench combines the versatility of several tools into a single wrench. It is the ideal tool for anyone who regularly installs and services Flushometer valves.

► **Specifications**

Unique Super-Wrench is an ergonomic tool that offers good leverage and fast adjustments to Flushometers.

- Superior tool for gripping, holding and bending
- Multiple wrenches in one Super-Wrench sized to fit the following Sloan parts:
