Ratchet-Pro 881 Series Floor Boxes Ordering Information

881 Round PVC Floor Box

NOTE: 881-ADP adjusting ring is included with the 881 floor box.

Supplied with reusable concrete cap, adjusting ring, conduit reducers and conduit hub plugs. Available for both single and dual service (895DCC required for dual service brass activation). Graduated cubic inch markings inside the box indicate volume capacity at any depth. Box has parallel conduit hubs eliminating need for 90° sweeps in installation. One-piece reduction from 1" to 1/2" [25mm to 12.7mm] conduit. Reducers and plugs located on a mounting bar for easier selection. For concrete pours of 2 1/4" to 6" [57mm to 152mm].

881-ADP PVC Floor Box Ratchet Adjusting Ring

Used to attach wiring devices and cover plates to PVC box. Locks into place without using glue or mechanical fasteners. Compensates for up to 10° of tilt if box is not level.

NOTE: Ground wire is factory attached to the adjusting ring. One ring required per box, single- or dual-service, ordered separately.

881-DIV PVC Floor Box Divider Plate

Used to isolate power and communication compartments. Graduated cubic inch markings are marked clearly on the divider and correspond directly to the cubic inch markings on the interior of the box. Cuts easily with a utility knife. Supplied with a receptacle plate that completes separation of power and communication services. One divider required for **dual-service** activation.

COLOR OPTIONS

895 and 896 Series Cover Plates are compatible with Ratchet-Pro 881 Series Floor Boxes and are available in black, aluminum, gray, nickel, brass and bronze.

Custom color options are also available. Consult the factory for more information.
